

Notice

Department of CSA

All students are hereby informed that remedial classes of detained students will be conducted from 13 May 2026 to 30 May 2026 from 09:20 AM to 03:20 PM daily.

Students will be provided with a question bank for each subject of the current semester. They are required to:

- Solve theory-related questions in their notebooks/copies.
- Perform practical/programming-related problems in the labs.

Faculty members will monitor and check the daily progress of students.

At the end of the remedial classes, students must submit their theory notebooks and practical files containing all the problems and assignments completed during the classes. Submission of these records is mandatory.

Further, **all students must compulsorily complete the "AI for Aspiring Engineers" course during the first week of June 2026** from home through the following link:

Students must:

- Enroll and complete the course successfully.
- Submit the completion certificate to the department.

The Special End Term Examination will be conducted in the second week of June 2026. Only students who submit the course completion certificate will be eligible to appear in the examination, and results will be declared only after certificate submission. Results of remaining students will remain withheld until submission of the certificate.

Students are advised to stay in regular contact with their mentors/coordinators for further instructions.
